Build A Carriage for a Gun - Doc Ric - 2014-02-18

The author, Reiner Ric Brasche born in Cologne, Germany in 1936, grew-up in a world of destruction following WWII. As a result of the Marshall plan -- luckily replacing the Morgenthau plan, which aimed to make the past NAZI-Germany a state of agriculture -- a soon prosperous economy allowed for in-depth education and graduation as an automotive engineer, followed later by a Ph.D. degree in Mechanical Engineering. Corporate life included employment with Ford Motor Co, Europe and extensive coordination tasks in the field of automobile especially safety of the car body structure. The early involvement in international cooperation opened up a broader view. Early retirement from 'corporate', self-employment and the move to the U.S.A., together with the enthusiasm for guns, are the motivation and background for creating this 'How to'-book: Build A (Gun) Carriage. A detailed technical description of wood and metalworking including the presentation of tools required to understand and manufacture a carriage in half scale (2/1), that is based on available instructions in lieu of the invention of the famous Gatling Machine Gun in the early 1860's. The author lives in Lake Worth, Florida. Comments are invited using his Internet address: docbrasche@gmail.com.

F-4 Phantom Pilot's Flight Operating Manual - Periscope Film Com - 2007-03

One of the great aircraft of the Cold War era, the McDonnell Douglas F-4 Phantom II was the most heavily produced supersonic, all-weather fighter bomber. Capable of a top speed of Mach 2.23, it set sixteen world records including an absolute speed record of 1,606 mph and an altitude record of 98,557 feet. The F-4 flew Vietnam, in the Arab-Israeli conflict, and the Gulf War and amassed a record of 393 aerial victories. F-4s also flew as part of the USAF Thunderbirds and the U.S. Navy Blue Angels flight demonstration teams. Originally printed by McDonnell and the U.S. Navy in the 1960s, this flight operating handbook taught pilots everything they needed to know before entering the cockpit. Classified "restricted", the manual was recently declassified and is here reprinted in book form. This affordable facsimile has been reformatted. Care has been taken however to preserve the integrity of the text.

The Gunsmith's Manual - J. P. Stelle - 2013-06-04

Originally published in 1883, The Gunsmith's Manual is generally considered to be the first substantive work dealing with gunsmithing exclusively and in detail. A comprehensive introductory chapter, one of the manual's best qualities, provides the reader with an extensive history of the gun, including the invention of gun powder, the first rifle, and much more. Once acquainted with firearms, readers can then move on to learn how guns were made and used in the nineteenth century, as well as terms used in gunsmithing. The real meat of the book, however, is the authors' detailed instruction on gun care and maintenance. Specifics are offered on tools, workbench materials and setup, metalworking, working with wooden stocks, common repairs, and the process of browning, among many other topics. You can even improve your marksmanship with these expert shooting tips for a variety of firearms. Although first published in the nineteenth century, The Gunsmith's Manual is highly relevant for today's firearms owners and tinkerers. The authors' recommended procedure for removing a rusted-in screw, for example, is still widely used over 100 years later. You can learn to care for your rifle or shotgun as traditional gunsmiths would have. For both the historian and the firearms enthusiast, The Gunsmith's Manual is an invaluable learning tool.

George B. McClellan - Stephen W. Sears - 2014-12-09

"Sears has finally unraveled the mystique of this complex, brilliant Civil War general . . . A fascinating story" (James M. McPherson, author of *Battle Cry of Freedom*). "Commander of the Northern army in the Civil War, Gen. George McClellan saw himself as God's chosen instrument for saving the Union. Self-aggrandizing, with a streak of arrogant stubbornness, he set himself above President Lincoln, whom he privately called 'the Gorilla.' To 'the young Napoleon,' as McClellan's troops dubbed him, abolition was an 'accursed doctrine.' Fond of conspiracy plots, he insisted that the Lincoln administration had traitorously conspired to set him up for military defeat. Although he constantly anticipated one big, decisive battle that would crush the South, he squandered one military opportunity after another, and, if Sears is correct, he was the worst strategist the Army of the Potomac ever had. Based on primary sources, letters, dispatch books, diaries, newspapers, this masterly biography is an astonishing portrait of an egotistical crank who could snatch defeat from the jaws of victory." —Publishers Weekly "Engagingly written and thoroughly researched, Sears's persuasive critique is the best and most complete biography of this controversial general." —Library Journal "The best biography of McClellan ever published. Sears uses intensive research, including new material, to document the tormented, wasted military career of a talented man . . . The enigma of McClellan has never been explained so well . . . Historians should be grateful." —The Washington Post Book World

Vladimir Putin: Life Coach - Rob Sears - 2018-09-13

What can the rise and reign of this century's most feared politician teach us about life, work and love? Rob Sears shows how the machinations that enabled Putin to dominate the Kremlin and undermine the United States of America could also help you take control of your mundane life. How would you like to ruin your enemies by sharing compromising material about that time they didn't wash their hands? Or annex territory by claiming the stationery cupboard at work as your personal empire? Fancy hacking democracy at the parent-teacher association to ensure you're a shoo-in for social secretary? Or serving up a cold dish called revenge in a high street restaurant? Filled with stories from Putin's extraordinary time in power, and ideas and illustrations to help you emulate him on a small scale, Vladimir Putin: Life Coach is the ultimate guide to releasing the pseudo-elected, judo black-belt, 5D chess-playing autocrat inside each and every one of us.

Gunsmithing Modern Firearms - Bryce M. Towsley - 2019-05-07

One of America's foremost experts on gunsmithing, Bryce Towsley is back again to provide even more projects for anyone interested in building, customizing, or maintaining firearms. He offers detailed explanations and includes color illustrations for just about every aspect of gun modification and repair. Featured tutorials include: stock modifications, accuracy enhancement, weather preparation, a total rifle makeover, and much more. Beginning with shop design and maintenance, Towsley builds on the knowledge he provides until ending with directions on rifle building from scratch. For anyone interested in fixing or building guns, Towsley's new book is the best guide to getting the most out of a rifle through personal modifications. "My experience working with Skyhorse is always a positive collaboration. The editors are first-rate professionals, and my books receive top-shelf treatment. I truly appreciate our working relationship and hope it continues for years to come." —David Fischer, author

The Startup Owner's Manual - Steve Blank - 2020-03-17

More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

Forest Life - George Washington Sears - 2018-10-23

Forest bathers, readers of Cabin Porn and Your Cabin in the Woods, rejoice! This illustrated collection of Sears' odes to the outdoors is your perfect escape into nature. Forest Life collects George Washington Sears' timeless writing about the joys of exploring the wilderness, edited for a modern audience. In text both practical and inspirational, Sears' provides enduring wisdom about trips into the woods and lakes, including equipment, campfires, fishing, camp cooking, traveling light, and canoes. The original "forest bather," Sears wanted others to enjoy the woods as he did. His published Woodcraft in 1884 to help prepare skillful, self-reliant woodsman and to extol the restorative power of nature, writing "There are men who, on finding themselves alone in a pathless forest, become appalled, almost panic stricken. . . And there be some who plunge into an unbroken forest with a feeling of fresh, free, invigorating delight, as they might dash into a crisp ocean surf on a hot day." In addition to Woodcraft, Forest Life contains many of his articles from Forest and Stream, as well as his nature poetry. Sears is especially eloquent about canoeing, which he helped popularize with published tales of his adventures. In 1883, when he was 61 years old and suffering from tuberculosis, he used a 9-foot, 10-1/2 pound canoe to travel 266 miles through the Adirondacks, writing, "The easy, gentle rocking of the canoe was the best incentive to drowsiness I ever found, and by night or day was nearly certain to send me into dreamland. A score of times I have gone to sleep drifting on deep, wide water, to be awakened by the pressing and bumping of the little craft among the dead balsams and spruces that make [up] half the shorelines of all the lakes in the North Woods." This two-color gift book, illustrated with period etchings of scenes, people, flora, and fauna of the Adirondacks, is the perfect gift book for the outdoor enthusiast. This handsome, affordable collection will be especially appealing to the millions who canoe, camp, and fish.

when he was 61 years old and suffering from tuberculosis, he used a 9-foot, 10-1/2 pound canoe to travel 266 miles through the Adirondacks, writing, "The easy, gentle rocking of the canoe was the best incentive to drowsiness I ever found, and by night or day was nearly certain to send me into dreamland. A score of times I have gone to sleep drifting on deep, wide water, to be awakened by the pressing and bumping of the little craft among the dead balsams and spruces that make [up] half the shorelines of all the lakes in the North Woods." This two-color gift book, illustrated with period etchings of scenes, people, flora, and fauna of the Adirondacks, is the perfect gift book for the outdoor enthusiast. This handsome, affordable collection will be especially appealing to the millions who canoe, camp, and fish.

Maryland Evidence Courtroom Manual - Andrew D. Levy - 2020-01-17

Maryland Evidence Courtroom Manual is the only publication of its kind in Maryland. Written by Andrew D. Levy and Alan D. Hornstein, this manual incorporates complete coverage of the Maryland Rules of Evidence and Maryland evidence case law. Maryland Evidence Courtroom Manual is designed to provide fast, authoritative answers to the evidentiary questions that arise in the course of trials and hearings. Features include: • Complete text of the Maryland Rules of Evidence and related evidence statutes • Practice Tips for applying the Rules of Evidence • Authors' Commentary, providing a quick overview of the Rule under discussion, authoritative guidance in interpreting the Rule, and pointers for applying the Rule in actual practice • Additional federal and Maryland authorities provide a starting point for additional research • Summaries of significant Maryland evidence cases follow each Rule • Quick-reference index and Section Locator
